

You Can Help the Environment!

SMALL Steps Make a BIG Difference

Reduce Plastic Use

Use reusable water bottles and don't use straws.

Pick Up Trash

When it rains, litter on streets can get washed into lakes and oceans.

Save Water

Turn off the water when you brush your teeth and turn it back on to rinse when you're finished.

Unplug

Unplug your devices like TVs or microwaves, when you are not using them.

Plant a Tree

Trees and other plants remove harmful gases from the air.

Reduce AC & Heat

Use fans to help cool off in the summer and wear sweaters to keep warm in the winter.
