

Swatara Township Stormwater Authority

What is Stormwater? Stormwater is water that originates from precipitation, including not only rain, but snow and hail as well. This water collects on the grass and pavement and eventually finds its way to a body of water or a drain. During its travel, stormwater will pick up chemicals from fuel and salt on the road, in addition to common yard practices of fertilizer and weed killer use. The federal government has tasked each state, and therefore county and township, to control just how much of these substances enter our environment and lower the levels as much as we can.

The 2024 Annual Stormwater bills will be mailed out at the beginning of February. **The bills will be due April 1st, 2024.** Payments can be made by mailing a check to the Township Building at 599 Eisenhower Blvd, Harrisburg PA 17111. You can also pay online via the Township website using a card at swataratwp.com.

Lastly, as always payments can be made in person at the Township building with cash, check or card. Please do not leave cash in our drop box. Reminder: The Stormwater Authority has no affiliation with the Sewer Authority- so please do not combine payments. For more information on what the stormwater bills are for, please visit the Township website.

Please Note: We are only collecting 2024 Stormwater payments at this point and all previous years have been turned over to Portnoff Law Associates for collection.
